Sydney Shooting

After the tragic event in Sydney last weekend the Federal and State Governments are in the process of preparing legislative responses that may impact on collectors.

At this stage we naturally have no hard information except news reports and rumours.

The Antique & Historical Arms Collectors Guild of Victoria is in the process of proactive planning to prepare for whatever the changes may be.

Amongst these plans are seeking to coordinate responses with other firearms owners organizations and also arms collecting clubs both in Victoria and interstate.

Once we have more details, and have been able to focus our responses, we will further advise members.
